

Design Review Committee

The Design Review Committee (DRC) is a five-member Committee created by the Declaration of Covenants of the Castle Pines Homes Association and is responsible for the review and approval of all proposed exterior improvements within the Village.

The Committee members in 2019 included three members appointed by the Castle Pines Homes Association; Greg Cook, and Village residents Jim Walker and Allan Brandt. The Committee also consists of two members appointed by Aslan Development; Village residents Jack Vickers, III and David Culberson.

The primary purpose of the DRC is the protection of the property values and the preservation of the quality of life in The Village by controlling the appearance, condition, and use of the land, buildings, landscapes, and other improvements.

The Homes Association wishes to thank the Committee members for their many valuable volunteer hours of service to the DRC and the community over the past year.

Respectfully submitted,
//S//

Jim Walker, Chairman
Design Review Committee
