

Trash & Recycling

Trash and recycling collection is one of the valuable amenities provided by the Castle Pines Homes Association (CPHA) and is paid for by the monthly assessments. The following information details the policies and procedures for the trash and recycling collection program within The Village. If you have questions or need more information, please contact the CPHA at 303.814.1354.

Waste Management (WM) is the contracted service provider for all trash and recycling collection within The Village. Waste Management's customer service number is 303.797.1600.

Trash Collection Policy

- Trash is collected twice each week on either Monday and Thursday or Tuesday and Friday, depending upon where you live.
- Trash cans are not permitted at the street in The Village. Only trash bags may be placed curbside.
- The CPHA recommends using the contractor type, black trash bags with a rating of 2 mil or greater. Please do not use the white kitchen bags as they are extremely vulnerable to birds and other wildlife.
- Trash bags are to be placed curbside by 7:00 am, but not earlier than 5:00 am on the day of pickup. Trash may not be put out the night before.
- WM will pick up a maximum of 10 trash bags per residence. If you have large items to dispose of, moving boxes or crates, or more than 10 trash bags, please contact WM customer service at 303.797.1600 to schedule a special pick up. There may be a fee associated with a special pick up.
- WM will take branches and limbs as long as they are cut into sections 4' long or less and tied into bundles.

Recycling Collection Policy

- Recycling is collected one day every other week on either Monday or Tuesday depending upon where you live.
- Place all recyclables in recycling bins, not plastic bags, and place the bins curbside by 7:00 am, but not earlier than 5:00 am on the day of pickup. Recycling may not be put out the night before.
- Two recycle bins are provided to each resident at no charge available at the CPHA. No large recycling totes are allowed in the Village.
- For a list of what can be recycled and collection weeks, please see the Recycling Calendar on the Village website at www.thevillagecastlepines.com. Waste Management provides single stream recycling, so no need to separate your recycling in the bins.
